M37—EVIL DEAD

Sam, the Splatterfest here in London went over big time. There was a print of EVIL DEAD II just sitting around at the Gala Showcase at the end of the festival — kids loved it. Saw this card at Forbidden Planet and kept it for you. Seeing some of the spectacular sights. Tons of "INTRUDER" fans out here. It's crazy. But you've been here so I don't know you.

See ya, Cheers — Scott
